

In a world where environmental concerns are growing by the day, businesses play a crucial role to play in promoting sustainable practices and preserving our planet. At the Amsterdam Marriott Hotel, we distinguish ourselves through our unwavering commitment to eco-consciousness.

- We have made transparent arrangements with guests and suppliers, ensuring the quality and sustainability of our products and services.
  - Our focus on social impact assessment leads us to minimize negative effects such as corruption, harassment, exploitation, and child abuse in our services and products.
  - To ensure business continuity and support employees, we take proactive measures in the face of income loss.
  - Our dedication to charity drives us to contribute to various charitable foundations through gifts, sponsorships, and voluntary work.
  - We continuously strive to reduce our carbon footprint and elevate the sustainability of our operations.
- Our pride lies in sourcing locally produced, organic, and sustainable materials. We prioritize suppliers who share our passion for eco-consciousness, supporting local communities and reducing environmental impact.

Marriott conducts regular audits and assessments to ensure transparency and accountability in our eco-friendly initiatives. By measuring environmental performance, we identify areas for improvement and evolve our practices in line with the latest sustainability standards.

Our hotel is proud to play its part in shaping a world where conscious environmental choices are an integral part of every industry. Together, we can pave the way for a harmonious coexistence between human progress and the preservation of our planet.
